Dear Planning Commission,

I am writing to express my concerns about the proposed development in MLK Park. I urge the commission to limit building in this area and instead focus on adding more suitable sites south of Harbor Drive in the Marinship, where there are underutilized spaces like storage lots and vacant offices. This would help meet housing requirements without sacrificing valuable public park spaces.

Additionally, I support the inclusion of view preservation standards in the Objective Design and Development Standards (ODDS) to ensure that Sausalito's unique character and scenic views are maintained as we grow.

Thank you for considering Cleopatra victoria
