Subject: [EXTERNAL] Protect MLK and our views
Date: Monday, October 21, 2024 1:05:49 PM

Dear Planning Commission,

I want to express my many concerns about the proposed development in MLK Park. Please limit all building in this area and instead focus on adding more development to suitable sites south of Harbor Drive in the Marinship, where there are underutilized spaces like storage lots and vacant offices. This would help meet housing requirements without sacrificing valuable public park spaces.

I also support the inclusion of view preservation standards and historic standards in the Objective Design and Development Standards (ODDS) to ensure that Sausalito's unique character and scenic views are maintained as we grow.

Thank you for considering these requests.
