Dear Staff and Council,

I strongly encourage you to consider more suitable housing options than Public Parks or City Hall. There is no justification for allocating taxpayer funds toward a special ballot measure that limits residents to choosing between two inadequate alternatives.

It's essential to move beyond closed-door decision-making and embrace a more transparent, collaborative approach to urban planning—one that incorporates expert insights and genuinely reflects the needs of our community.

Thank you for your attention to this important matter. I look forward to seeing thoughtful and innovative solutions that better serve our city.

Sincerely,
Kristin Cappelli
