Subject: [EXTERNAL] Stop the project at MLK
Date: Tuesday, September 10, 2024 11:02:43 PM

As a homeowner in this area, I object as it devalues our homes, it's ugly, it creates congestion and ruins recreational spaces while killing trees. Please explore Marinship, use imagination to build waterfront housing with jobs. Please do not build this. It ruins our town. I would never buy in this area with this hideous project. I will send this to everyone to get this project stopped. Please stop. Please reply and let us know we are heard.
