Subject: [EXTERNAL] Protect MLK and our views
Date: Wednesday, October 23, 2024 6:38:35 AM

Dear Planning Commission,

I am writing to express my concerns about the proposed development in MLK Park. I urge the commission to limit building in this area and instead focus on adding more suitable sites south of Harbor Drive in the Marinship, where there are underutilized spaces like storage lots and vacant offices. This would help meet housing requirements without sacrificing valuable public park spaces.

If the city wants to preserve its growing base of young families that live North of Harbor Drive around MLK and many other proposed housing sites, they must not build at the Park!!!! There is so much underutilized space south of Harbor Drive where housing can be built (along with other sites North of Harbor Drive), which would help protect one of the great assets in this neighborhood. These young families are critical to the growing success of our schools and the future of Sausalito!

Additionally, I support the inclusion of view preservation standards in the Objective Design and Development Standards (ODDS) to ensure that Sausalito's unique character and scenic views are maintained as we grow.

Thank you for considering these requests.
