Subject: [EXTERNAL] Save our library parking lot
Date: Sunday, February 23, 2025 8:43:34 AM

To the members of Sausalito City Council:

I strongly oppose the City Hall parking lot as a housing element site. It is not acceptable to “take from” in so many ways in order to meet this mandate number. Among the detriments:

IGNORES critical safety needs. City Hall is designated central hub in the event of disaster, with adequate space needed for gathering, generators, internet access, administering care and more.

IGNORES the needs of our older residents. The City Hall parking lot serves our growing age-in-place community—their only means to safely access the library and events. They have voiced their concerns—*“What about us? What are we supposed to do?”*

IGNORES the needs of new residents. With 700+ units total mandated, 1400+ new residents will live here. Diminishing the lot eliminates their access to our library, playground, basketball courts and park. THE PARKING LOT IS HEAVILY UTILIZED AS IT IS.

IGNORES cost burden. The flat area that comprises the lot is deceptive. Before construction can begin, the cost of critical hillside reinforcement alone, with significant slopes on two sides, is exorbitant—money surely better used elsewhere.

Commandeering our City Hall parking lot to build units takes from ALL the residents in our small and growing community.

I demand this site be removed from the housing development list.

Sincerely,

Patti Frazier

Subject: [EXTERNAL] Use of Marinship as viable area to build housing
Date: Tuesday, February 25, 2025 8:42:21 AM

>> The Marinship has unused land that could be vibrant, pretty, solve the majority of our housing issues and still support the businesses that are there while beautifying things and putting in more little businesses to serve whomever lives there-it's a HUGE area that's dilapidated, scruffy and empty.

Please do not build that proposed 9 story building on Bridgeway and destroy our beautiful downtown.

The Median lane should remain where it is on bridgeway. Stop spending money needlessly.
