Sausalito officials,

I have exchanged earlier notes on this.

I do not support the amended solution for MLK Park. I will be voting against the new proposal.

If you look at the footprint of green space in Sausalito, it is so sparse. It should be an absolute last resort to encroach on our green space.

Residents will be squeezed in, and it will not be the same

With the templatesmessage below, I couldn't agree more. Marinship has junkyards...open space lots of development opportunity.

Marinship could transform into a residential area giving Sausalito a new neighborhood and opportunities for business. Why aren't we considering this as a solution... A vision for a new neighborhood!

Instead, you want to cut into our precious green space. It just doesn't make sense. Existing residence suffer.

No reason has been given as to why we can't build over where the RVs are in the junky areas.

There are too many units planned in MLK mollie stones area. Noise and traffic will be problematic. . I feel like northern Sausalito is getting the short end of the deal here.

Dear City Council, I am a concerned citizen about Sausalito's current housing plans. New housing is being pushed to the northern tip — including low-income units in a public park— while vacant lots and office buildings remain unused. I urge you to: - Remove MLK as an opportunity site. - Revise city ordinances (particularly Ordinance 1022) to reinstate local building control rather than being locked into a closed-door plan created exclusively for state and HCD requirements. Thank you for your attention. Sincerely,
